

VERDE POWER
SALES

- | | | | |
|-----------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------|
|  | <p>Ballistic and Blast Rated Substation Walls and Structures</p> |  | <p>Orion Substation and Distribution Automation, RTU, I/O, Bitronics Panel Meters</p> |
|  | <p>Nickel Cadmium Batteries, Racks and Enclosures, Battery Chargers</p> |  | <p>Grounding, Bonding, Surge and Lightning Protection Solutions</p> |
|  | <p>Long Duration Sodium-Sulfur Battery Technology for Energy Storage</p> |  | <p>Cameras for the Detection of Corona & Arcing</p> |
|  | <p>Box Pads and Cable Trench Systems</p> |  | <p>High Power Test Systems & Components</p> |
|  | <p>Monitoring, Control and Communications Solutions for Transmission, Distribution, Generation, and Industrials</p> |  | <p>Faulted Circuit Indicators & Smart Grid Load Monitoring</p> |
|  | <p>Steel and Wood Pole Testing</p> |  | <p>OH/URD Capacitors, Power Factor Correction, Harmonics Mitigation</p> |
|  | <p>Prefabricated Metal E-House Manufacturer and Integrator</p> |  | <p>T&D Line & OPGW Fiber Accessories, F.O. Closures</p> |
|  | <p>Distribution and Medium Power Transformers; Voltage Regulators; Lighting Products</p> |  | <p>(C&I only) Med. Voltage Terminations, Elbows & Splices</p> |
|  | <p>Hughes Brothers: Distribution & Transmission Line Materials</p> |  | <p>MV & HV Switching & Protection Equipment
Grid Automation</p> |
|  | <p>Transformer Internal Fault Detection Device</p> |  | <p>Hotstick Mounted Meters & Recorders</p> |
|  | <p>OPGW & ADSS Optical Wire and Fiber Cable</p> |  | <p>MV, HV, and Substation Wire & Cable</p> |
|  | <p>Transmission and Substation Steel Structures</p> |  | <p>Substation Connectors</p> |
|  | <p>MV & HV Polymer Transmission and Porcelain Station Class Insulators</p> |  | <p>HV Instrument Transformers, Coils & Reactors</p> |
| | |  | <p>Labeling & Signage for Harsh Utility Environments</p> |
| | |  | <p>Now part of nVent: Secondary Connectors for Electric Utility Applications, Line Tools</p> |
